

3.0 Aim and Objectives

Aim: To conserve, protect and enhance the biodiversity of the London Borough of Bromley.

Objectives:

- To audit biodiversity and its importance to local people.
- To implement and influence, where possible, the National, London and Kent targets for habitats and species found in the London Borough of Bromley.
- To raise awareness of biodiversity issues and improving availability of information to all residents of the Borough.
- To encourage local people to be involved in the BBAP in a direct and practical way.
- To ensure a long-term strategy for conserving, protecting and enhancing biodiversity exists and that it is regularly reviewed.
